Subject: AN 80% increase are you KIDDING!!!

You may make \$92,000 a year but I don't. We already pay about \$80 a month on water for 2 of us. On a fixed income I can not absorb another \$64 for the privilege of drinking water and washing clothes. Your responsibility is to help the people NOT the company. If Carolina Water can not be fiscally responsible then it is time for them to SELL to someone who will be!!!

I wish I had a choice to change water companies because I would!

If this rate increase goes through know that all of you will be unsitted when re election comes next year!! The American people are feed up with you and your special interest. Watch what is happening in recent elections and know that you are next!

I pray that reason will prevail and you will cast your VOTE for the PEOPLE!
